Sunlight Therapy at BSpa at Brooklands

At BSpa, the sun always shines in our sunlight therapy room, which uses full spectrum lighting and infrared heat to replicate natural sunlight with reduced level UVA & UVB rays for a safe and enjoyable experience all year round.

Imagine being on the beach bathed in sunlight, the temperature a steady 28 degrees and a cloudless sky. Here at BSpa, you can stretch out on your own or with a group of friends and a few drinks.
